

InstaMarkets Bonus Agreement

Before accepting a bonus from InstaMarkets, the Client must read, understand, and accept the provisions of this Bonus Agreement.

1. Introduction

This Agreement governs all bonuses received by the Client in connection with the Client's use of InstaMarkets' services.

By signing this Agreement, the Client confirms the following:

- This document shall be read in conjunction with the Terms and Conditions and Risk Disclaimer, which the Client has read, understood, and accepted upon opening an account with InstaMarkets.
 - Upon receiving any additional bonus, the turnover requirement of the trading account will be affected, as outlined below.
 - Bonus funds provided to the Client may be used for trading purposes only.
-

2. Definitions

Bonus Agreement:

This Agreement, which constitutes an addendum to InstaMarkets' main Terms and Conditions and sets out all provisions relating to bonus funds offered by InstaMarkets.

Terms and Conditions:

The Terms and Conditions published on InstaMarkets' website (www.instamarkets.io).

Required Number of Lots:

The number of lots the Client must trade before being eligible to withdraw funds without incurring additional fees.

Trading Balance:

All funds available for trading in the Client's account, calculated as the sum of the Client's deposits, bonuses (if any), and net trading profits.

Withdrawal Balance:

The Client's funds available for withdrawal.

3. Eligibility

3.1 Any bonus offer is valid only for the period stated in the specific promotion, unless otherwise specified.

3.2 InstaMarkets may offer different bonus schemes and trading benefits to selected Clients from time to time.

3.3 InstaMarkets reserves the sole and exclusive right to determine whether to grant bonus funds to any Client.

3.4 The Client may accept or decline any bonus or promotional offer presented by InstaMarkets.

3.5 The Client shall be deemed to have accepted this Bonus Agreement upon explicitly confirming acceptance and returning a signed copy to InstaMarkets.

3.6 The Client is eligible to receive a bonus only in the same currency as the trading account denomination (USDT).

4. Withdrawals and Fees

4.1 If the Client has accepted a bonus and achieved the Required Number of Lots (calculated as set out below), the Withdrawal Balance shall equal the sum of:

- The Client's deposits
- The Client's bonus
- The Client's net trading profits

Required Number of Lots Formula:

Required Number of Lots = Bonus Amount × 0.5

One (1) lot equals 100,000 units of trading currency.

4.2 Trades held for less than five (5) minutes (“scalping”) may be subject to cancellation. The account may be suspended pending review and decision by the Risk Committee.

4.3 Early Withdrawal with Large Bonus ($\geq 50\%$)

If:

- The bonus equals at least 50% of the Client’s deposit; and
- The Client has not achieved trading volume equal to the Required Number of Lots divided by four ($\frac{1}{4}$),

Then:

- Any withdrawal will incur an additional fee of 20% of the withdrawal amount.
 - The Client’s bonus and profits shall become null and void.
 - Any trading losses shall be deducted from the funds available for withdrawal.
-

4.4 Bonus Utilization Requirement

Bonus funds awarded by InstaMarkets must be used for trading.

If the Client does not achieve turnover equal to the Required Number of Lots divided by four ($\frac{1}{4}$) within three (3) months of receiving the bonus, InstaMarkets reserves the right to cancel and remove the bonus from the account.

4.5 Loss Scenario Before Meeting Required Lots

If the Client:

- Has accepted a bonus,
- Has not achieved the Required Number of Lots, and
- Has incurred trading losses,

Then:

Withdrawal Balance = Deposits – Total Trading Losses

The bonus becomes null and void, and losses are deducted from the Client’s deposit.

4.6 Profit Scenario Before Meeting Required Lots

If the Client:

- Has accepted a bonus,
- Has not achieved the Required Number of Lots, and
- Has generated trading profits,

Then:

Withdrawal Balance = Deposits only

The bonus and profits shall be forfeited.

4.7 Each additional bonus accepted increases the trading account's required turnover accordingly before withdrawal eligibility.

4.8 Withdrawals are permitted only when there are no open trading positions.

5. Examples

Example 1 – Requirements Met

- Deposit: 5,000 USDT
- Bonus: 2,000 USDT
- Traded: 1,200 lots
- Profit: 10,000 USDT

Required Lots = $2,000 \times 0.5 = 1,000$ lots (Requirement met)

Trading Balance = 17,000 USDT

Withdrawal Balance = 17,000 USDT

If 5,000 USDT is withdrawn:

After 5% standard withdrawal fee → balances become 11,750 USDT.

Example 2 – Requirement Not Met (Profit)

- Deposit: 5,000 USDT
- Bonus: 1,000 USDT
- Traded: 280 lots

- Profit: 500 USDT

Required Lots = 500 lots (Not met)

Withdrawal Balance = 5,000 USDT

If 5,000 USDT is withdrawn:

Bonus and profit forfeited.

After 5% fee → Client receives 4,750 USDT.

Example 3 – Requirement Not Met (Loss)

- Deposit: 5,000 USDT
- Bonus: 2,000 USDT
- Traded: 700 lots
- Loss: 500 USDT

Required Lots = 1,000 lots (Not met)

Withdrawal Balance = 4,500 USDT

Bonus forfeited. Loss deducted.

5% standard fee applies upon withdrawal.

Example 4 – Large Bonus, Early Withdrawal

- Deposit: 5,000 USDT
- Bonus: 2,500 USDT
- Traded: 300 lots
- Profit: 10,000 USDT

Required Lots = 1,250 lots (Not met)

Withdrawal Balance = 5,000 USDT

If withdrawing 2,000 USDT:

- 5% standard fee = 100 USDT
- 20% additional fee = 400 USDT

Total fees = 500 USDT

Client receives 2,000 USDT

Remaining balance = 2,500 USDT

Example 5 – Partial Threshold Achieved

- Deposit: 1,000 USDT
- Bonus: 1,000 USDT
- Traded: 150 lots
- Loss: 500 USDT

Required Lots = 500 lots (Not met)

Withdrawal Balance = 500 USDT

Only 5% standard fee applies (no 20% additional fee).
Client receives 475 USDT.

6. Other Provisions

6.1 If the Client's Withdrawal Balance reaches zero (0), InstaMarkets reserves the right to close all open positions and cancel any remaining bonus.

6.2 InstaMarkets reserves the right, at its sole discretion and without prior notice, to suspend, cancel, or terminate any bonus where:

- The Client fails to meet obligations, or
- InstaMarkets suspects abuse, manipulation, or fraudulent activity.

InstaMarkets shall not be liable for any consequences resulting from such suspension, cancellation, or termination.
